[SAP Bank Communication Management, option for multisystem payment consolidation 1.0, SP01](#)

Beitrag von „Andreas_Fe“ vom 16. April 2018, 13:11

Are following data medium formats still the only formats delivered by SAP with BCON Add-On software:

- o DTAUS
- o DTAZV
- o ZZV
- o CLIEOP03
- o V3
- o SEPA_CT
- o SEPA_DD

or are additional /BCON/BNK.... Function Modules (e.g. for CGI formats) currently already contained in latest BCON Add-On version? If not, how much development (hours/days) would be necessary to create those?

<https://www.wikipayments.de/thread/1232-sap-bank-communication-management-option-for-multisystem-payment-consolidation-1/>

You can copy existing modules and create your own. Depending on the complexity 3-5 days - The files must be parsed for reprocessing in BNK_MONI & BNK_APP. The file in itself remains unchanged.
